Title	SCHOOL ADOPTION
Date of Event(s)	2018-2019
Department/Association/ Cell/Committee	IQAC SUM COLLEGE
Venue	Muzhappala ALP school and Anjarakkandy HSS

The objective of the program

To improve the quality of education at Muzhappala LP School.

To provide support for infrastructural development.

To encourage student-teacher interactions and innovative teaching methods.

In 2018, Sum College of Teacher Education embarked on a transformative school adoption program at Muzhappala LP School. This initiative aimed to enhance the educational environment, foster holistic development, and strengthen ties between the college and the local community.

Details of the Programme

Activities Conducted:

Infrastructure Development:

Renovation of classrooms, including painting and seating arrangements.

Provision of teaching aids such as charts, maps, and laboratory equipment.

Installation of a basic library for the students.

Educational Workshops:

Conducted interactive workshops for students on science, mathematics, and English.

Training sessions for teachers on modern pedagogical practices and technology integration.

Student Engagement Programs:

Organized extracurricular activities, including arts, sports, and cultural events.

Regular storytelling and interactive sessions to boost creative thinking.

Community Involvement:

Awareness programs for parents on the importance of education and child development.

Health camps in collaboration with local healthcare providers.

Outcomes:

Enhanced learning environment for the students of Muzhappala LP School.

Improved student attendance and participation in both academic and extracurricular activities.

Strengthened the bond between Sum College of Teacher Education and the local community.

The school adoption program at Muzhappala LP School was a significant milestone in Sum College of Teacher Education's journey toward community engagement and social responsibility. It demonstrated the college's commitment to nurturing young minds and contributing to the holistic development of society.

Title	SCHOOL ADOPTION
Date of Event(s)	2019-2020
Department/Association/ Cell/Committee	SUM COLLEGE OF TEACHER EDUCATION
Venue	Anjarakkandy Higher secondary school

The objective of the program

To improve the English language proficiency of students through focused sessions on Communicative English.

To boost students' confidence and fluency in expressing themselves effectively in English.

Promoting Awareness on Social and Health Topics

To educate students on the importance of personal safety through awareness sessions on good touch and bad touch.

To break taboos and promote hygienic practices by highlighting the benefits of using menstrual cups, especially for adolescent girls.

Fostering Holistic Development

To encourage students' participation in extracurricular activities, including sports and youth festivals, for their overall development.

To nurture creativity, teamwork, and self-confidence through active engagement in non-academic events.

Empowering Students with Essential Knowledge

To equip students with life skills and awareness that promote healthier and safer lives.

To create an inclusive and supportive learning environment for the holistic growth of students.

Strengthening Community Engagement

To build a stronger connection between Sum College of Teacher Education and Ancharakandy High School through meaningful contributions and active support.

To foster a collaborative spirit in addressing the educational and personal development needs of school students.

Details of the programme

In 2019, the students and faculty of Sum College of Teacher Education continued their support for Ancharakandy High School as part of the ongoing school adoption program. The year saw a focus on enhancing communication skills, promoting awareness on critical topics, and active involvement in extracurricular activities.

Activities Conducted

Session on Communicative English

To improve communication skills among students, a dedicated session on Communicative English was conducted by faculty members of Sum College.

This session significantly benefited the school children, helping them enhance their confidence and fluency in English.

Awareness Sessions on Social and Health Topics

Good Touch and Bad Touch: Students were sensitized about personal safety and boundaries through an interactive session on distinguishing between good touch and bad touch.

Importance of Menstrual Cups: A session was conducted to educate students, especially girls, on the importance and advantages of using menstrual cups during periods, promoting hygienic practices and breaking societal taboos.

Participation in Extracurricular Activities

As part of their regular practice, B.Ed. students actively participated in supporting the school's extracurricular activities.

They provided assistance during sports events and youth festivals, contributing to the smooth conduct of these programs and motivating students to excel in non-academic areas.

Outcome

The outreach initiatives in 2019 brought tangible benefits to the students of Ancharakandy High School:

The Communicative English session enhanced students' language skills and communication abilities. Awareness programs on personal safety and menstrual hygiene equipped students with essential knowledge to lead healthier, safer lives.

The involvement in extracurricular activities enriched the students' school experience, encouraging their holistic development.

Sum College of Teacher Education's continued efforts demonstrated its unwavering dedication to empowering the students of Ancharakandy High School, both academically and personally, fostering a culture of growth and community support.

Title	SCHOOL ADOPTION (Aksharadeepam Project)
Year	2022-2023
Department/Association/Cell/Committee	IQAC SUM COLLEGE
Venue (Mention the platform if it is online)	Muzhappala ALP school

The objective of the program

Enhance Language and Reading Skills: Foster an interest in reading and storytelling among children by teaching Malayalam stories and distributing storybooks.

Support Academic Success: Provide focused guidance and mentoring to help students excel in the Lower Secondary Scholarship (LSS) examination, improving their academic outcomes.

Promote Creative Learning: Distribute study materials and crayons to make learning enjoyable and encourage creativity among the children.

Strengthen Parental Involvement: Conduct effective parenting classes to provide parents with valuable insights into child-rearing practices and the importance of education, enhancing their role in supporting their children's growth.

Empower Teachers and Parents with ICT Skills: Provide training in Information and Communication Technology (ICT) to teachers and parents, enabling them to better support the children's education in a digitally advancing world.

Foster Holistic Development: Create an engaging and supportive environment for the overall development of the students, blending academic, creative, and social growth.

Strengthen Community Collaboration: Reinforce the relationship between Sum College of Teacher Education and Muzhappala LP School, emphasizing the importance of community involvement in educational initiatives.

Details of the programme

In 2022, Sum College of Teacher Education continued its commitment to the Aksharadeepam Project at Muzhappala LP School. A series of impactful activities were conducted by B.Ed. students and faculty, further enriching the educational and holistic development of the school.

Activities Conducted

Teaching Malayalam Stories

B.Ed. students engaged the children by teaching them Malayalam stories, enhancing their language skills and fostering an interest in reading.

Storybooks were distributed to the students, encouraging a habit of reading and helping them develop their imagination and creativity.

Distribution of Study Materials and Crayons

Study materials and crayons were distributed among the children, making learning more enjoyable and accessible.

The gesture brought immense joy to the children, motivating them to actively participate in their studies and creative activities.

Support for LSS Examination

Teachers and B.Ed. students provided guidance and support to help the children excel in the Lower Secondary Scholarship (LSS) examination.

Focused coaching and mentoring contributed to improved academic outcomes for the students.

Parenting Classes

Parenting classes were organized for the parents, offering valuable insights into child-rearing practices and the importance of education.

These sessions were highly effective in strengthening the involvement of parents in their children's education.

ICT Skills Training

ICT skills training sessions were conducted for both teachers and parents.

These sessions aimed to familiarize them with technology, empowering them to effectively support the children's learning in a digitally evolving world.

Outcome

The activities conducted under the Aksharadeepam Project in 2022 significantly contributed to the overall upliftment of Muzhappala LP School.

The children benefited academically, socially, and creatively from the engaging and thoughtful initiatives.

Parents and teachers were empowered through effective parenting classes and ICT skills training, ensuring a supportive learning environment for the students.

The program not only strengthened the bond between Sum College of Teacher Education and Muzhappala LP School but also highlighted the importance of community-based educational initiatives in transforming lives and fostering holistic development.

Title	SCHOOL ADOPTION (Aksharadeepam Project)
Year	2023-2024
Department/Association/Cell/Committee	IQAC SUM COLLEGE
Venue (Mention the platform if it is online)	Muzhappala ALP school

The objective of the program

Provide Educational Resources: Ensure students have access to essential study materials, supporting their academic growth and motivation to learn.

Revitalize the School Environment: Transform Muzhappala LP School from a deteriorated state to an active, vibrant learning space through collaborative efforts of the management, staff, and students of Sum College.

Preserve the School's Legacy: Protect the 100-year-old heritage of Muzhappala LP School by addressing declining admissions and operational challenges, ensuring its continued relevance in the community.

Introduce Early Childhood Education: Establish LKG and UKG classes to broaden the school's offerings, attract more admissions, and cater to the educational needs of younger children.

Prevent School Closure: Intervene strategically to prevent the school from closing down, ensuring its sustainability and accessibility to the local community.

Strengthen Community Engagement: Highlight the impact of collective action by fostering partnerships between Sum College of Teacher Education and Muzhappala LP School.

Promote Holistic Development: Create a supportive educational environment that nurtures academic, social, and emotional growth for students.

Details of the programme

Aksharadeepam Project Initiatives at Muzhappala LP School in 2023

In 2023, Sum College of Teacher Education continued its dedicated efforts under the Aksharadeepam Project to uplift Muzhappala LP School from its challenging circumstances. The management, staff, and B.Ed. students actively contributed to revitalizing the school and enhancing its functionality.

Activities Conducted

Distribution of Study Materials

The tradition of distributing study materials was continued, ensuring that students had access to necessary resources for their academic growth.

This initiative played a vital role in motivating students and supporting their education.

Active Involvement in School Revitalization

The combined efforts of the management, staff, and students of Sum College focused on improving the overall condition of the school.

The collaborative approach helped transform the school from a deteriorated state to an active and vibrant learning environment.

Revitalizing the Legacy of Muzhappala LP School

With nearly 100 years of history, Muzhappala LP School faced the threat of closure due to declining admissions and operational challenges.

The intervention of Sum College proved to be a turning point, increasing student admissions and restoring the school's legacy.

Introduction of LKG and UKG Classes

As part of the revitalization efforts, the school introduced LKG and UKG classes with the guidance and support of Sum College.

This strategic move attracted more admissions and ensured the continuity of the school's operations, catering to early childhood education.

Outcome

The persistent efforts of Sum College of Teacher Education in 2023 successfully prevented the closure of Muzhappala LP School.

The increased admissions and the introduction of kindergarten classes marked a significant milestone in the school's journey towards sustainability.

The active participation of the college's management, staff, and students rejuvenated the school, preserving its legacy and ensuring its relevance in the community.

This initiative showcased the power of collective action and reaffirmed the commitment of Sum College of Teacher Education to community service and educational development.

Introduction

This report provides a comprehensive overview of the major programs executed under the Schools Adoption Project. The project aims to enhance the academic, physical, and social environment of the adopted schools through various initiatives. The key programs are described below:

Programs and Initiatives

1. Aksharadeepam

Distribution of study materials to students to support their educational needs.

2. Vidhyadeepam

Special classes conducted three days a week by student teachers to enrich the academic performance of school students.

3. Students Initiative Day Celebrations Awareness Project (SIDCAP)

SUMCTE students organize and conduct day celebrations such as Children's Day and Independence Day at the adopted school, fostering a sense of community and awareness among students.

4. Yoga and Fitness Program for Kids

A variety of calisthenics classes, yoga, breathing exercises, free-hand exercises, recreational activities, aerobic dance, and aerobic exercises are conducted by B.Ed. students to promote physical fitness among school children.

5. Hygiene Awareness and Peace Massage

Regular awareness programs on hygiene and peace are conducted to educate students about personal cleanliness and peaceful coexistence.

6. Fine Arts Day Celebration

Initiatives for planning and organizing fine arts events to encourage students' artistic talents and creativity.

7. Experiment Project

A project designed to nurture students' interest in science through hands-on experiments and scientific exploration.

8. Food Fest

Food festivals are conducted in collaboration with the students of the adopted school and the Parent-Teacher Association (PTA), promoting community engagement and cultural exchange.

9. Festival Celebration (Onam, Christmas)

Various activities are organized to celebrate festivals like Onam and Christmas, including preparing special festival foods and distributing gifts to teachers.

10. Spudatha Project

Aimed at developing students' learning and speaking skills in English, Mathematics, and Malayalam through targeted programs and activities.

11. Parenting Awareness Program

SUMCTE faculties conduct awareness programs for parents, educating them on effective parenting techniques and strategies to support their children's education.

12. Praveshanolsavam

A welcoming program for new learners, creating a festive atmosphere to mark the beginning of the new academic year.

13. Cleaning the School

Students and staff of SUMCTE participate in cleaning the school premises before the reopening day, ensuring a clean and conducive learning environment.

14. Distribution of Cleaning Equipment

Cleaning equipment is provided to the school at the time of reopening to maintain hygiene and cleanliness.

15. Infra Project

Focuses on improving the learning facilities of the school, including painting, decorating classrooms, and infrastructure development.

Conclusion

The Schools Adoption Project, through its diverse and targeted programs, has made significant contributions to the academic, physical, and social development of the adopted schools.

These initiatives not only enhance the educational experience of the students but also foster a supportive and engaging community environment.
